

Welcome to seismic-handler.org

This is the development site for the Seismic Handler software package. We provide you with updated documentation and source code via the version control system [subversion](#).

We encourage **you** to participate in every aspect of Seismic Handler. This hole site is a [Wiki](#). As all Wiki pages, this and mostly all other pages are editable, this means that you can modify the contents of this page simply by using your web-browser. Simply click on the "Edit this page" link at the bottom of the page. [WikiFormatting](#) will give you a detailed description of available Wiki formatting commands.

If you register at [seismic-handler.org](#), your chances will kept assigned to your login. Just register? and log in with your data.

For a complete list of local wiki pages, see [TitleIndex](#).

Enjoy!

The SH development team
